

Lower School Traffic Flow

- **Orange Arrows:** General/combined traffic flow
- **Yellow Arrows:** Upper school traffic.
- **Green Arrows:** Lower school families will have 2 options on how to proceed to their arrival/dismissal entrance.
 - Lower school can continue straight under the freeway onto Gateway Blvd utilizing the middle lane to continue around to your entrance.
 - Lower school can also turn left under the freeway and utilize the frontage road. You will then turn right to proceed along the road that comes across the front of StayApt hotel to turn left and join the lower school flow of traffic. **This route is only for lower school families. Upper school will not be able to cross straight into the upper school entrance. That entrance is right turn only.**
 - The officer (Purple X) will monitor the traffic flow.
