

Dear GHLO Owl Families,

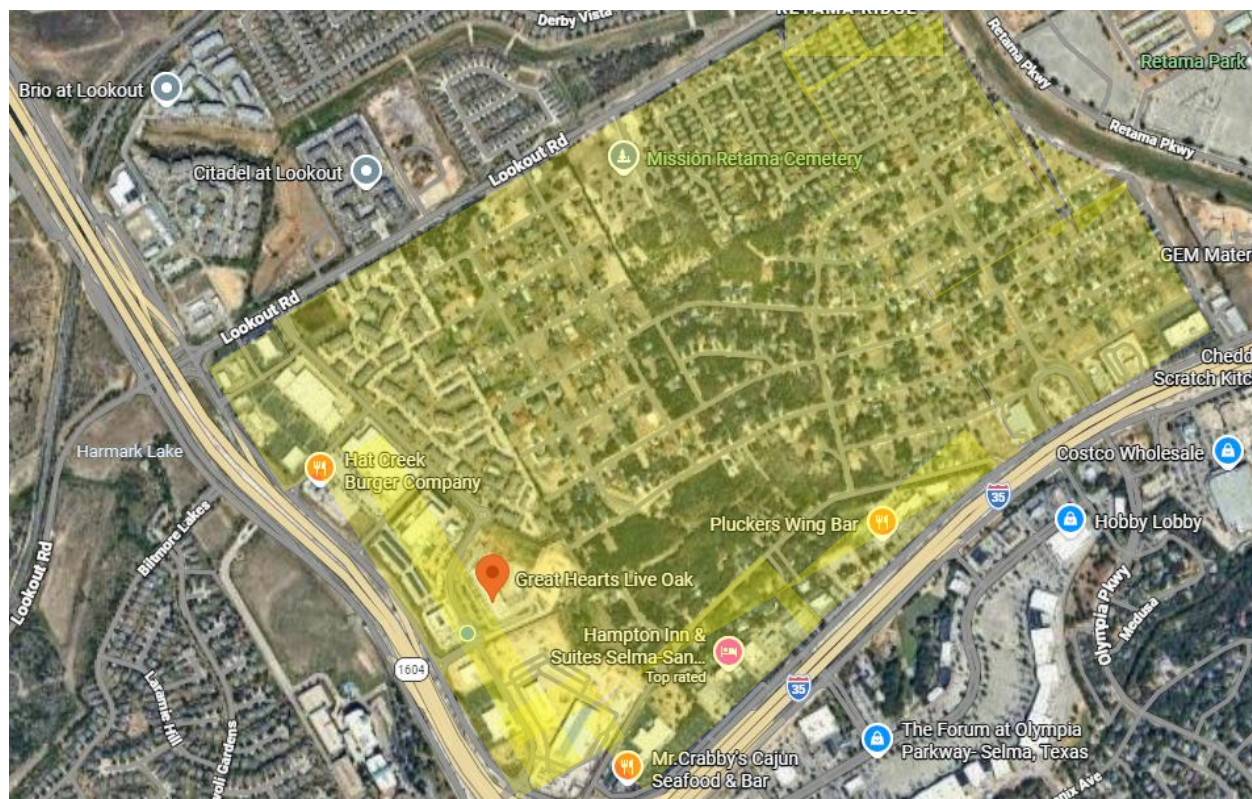

As we gear up for the new academic year, we are communicating our arrival and dismissal procedures. This includes the walker permission process.

Due to safety and security of our student population and our location restraints, we must restrict the allowance of off-campus walkers.

Below are the qualifications to apply for walker permission for your student(s).

Families with **only lower school students** can apply for permission to walk if **they live in the Mira Loma Apartments** located directly behind our campus. Lower school students are not permitted to walk solo on or off the campus. Once approved, these families will receive the student drop off/pick up procedures.

Families that have **only upper school students or dual campus students** may apply for walker permission if they **work or reside in the 1-mile radius as indicated on the map below**. If you have upper and lower students, the family must walk on/off campus together—the lower school students must be escorted by an upper school sibling(s).

Application Procedures

To apply for Permission to Walk, the family must present one of the following:

1. **Proof of residency** or **proof of employment** (guardian's or student's) within the **yellow zone** shown on the map.
2. These documents must be emailed to the Director of Campus Operations at Kate.Moyer@GreatHeartsTXSchools.org.

When approved for permission to walk, the family will need to **sign a waiver**, and the student(s) will be given a special pass that they can show to upper and lower school personnel designating them as authorized to leave campus.

In partnership,

Kate Moyer

Director of Campus Operations
